Cairo, Egypt

Profile

Passionate Full-Stack Developer specializing in building responsive, user-friendly web applications with React, Next.js, and JavaScript, alongside backend expertise in Node.js and Express. Strong proficiency in HTML, CSS (Bootstrap, Tailwind, and SASS), and MongoDB. Focused on clean, maintainable code and building complete solutions from frontend to deployment. Always eager to adopt modern tools and contribute to impactful projects that drive real-world value.

Experience

Full-Stack Web Developer

Kinetics, Dubai, UAE

July 2024 – Present

- Developed and maintained full-stack applications using React, Node.js, and Express to support dynamic business needs.
- Integrated RESTful APIs and third-party services, reducing manual workflow by 40% and increasing automation.
- Collaborated with UI/UX designers and backend developers to launch 10+ successful client projects.
- Implemented backend features such as secure authentication, dynamic routing, and API integration with MongoDB.
- Improved performance of web apps by 30% via code optimization and lazy-loading strategies.

Network Engineer Trainee

Huawei Talent, Internship

July 2024 – Sep 2024

- Gained hands-on experience with routing and switching technologies, assisting in network deployment for 3 regional branches.
- Achieved the HCIA-Routing and Switching certification, validating skills in networking, contributing to a 15% improvement in network reliability.

Education

Benha University, Faculty of Computer Science

Cairo, Egypt

2022 – Present (Bachelor's Degree, 3rd Year)

- Relevant Coursework: Web Development, Data Structures, Algorithms, Machine Learning.

Skills

Programming: C++, Python, Java, JavaScript, HTML, CSS, SQL, TypeScript

Frameworks and Libraries: React, Next.js (App Router), Redux, Bootstrap, Tailwind CSS, SASS, Shadcn/ui

Backend: Node.js, Express.js, MongoDB, REST APIs, JWT, Refresh Tokens

Version Control: Git, GitHub

Soft Skills: Problem-solving, Communication, Collaboration, Time Management, Adaptability, Critical Thinking, Leadership

Certifications

- Cisco Certified Network Associate (CCNA)
- HCIA-Routing and Switching Certification

Projects

E-commerce Website (Full-Stack)

2024

Built a complete e-commerce system with:

- **Frontend:** React, TypeScript, Tailwind CSS, Shadcn/ui
- **Backend:** Node.js + Express.js + MongoDB, JWT-based auth with refresh tokens
- Key Features:
 - Categories, Subcategories, Reviews, Ratings
 - Authentication & Authorization, Wishlist
 - Coupons, Shopping Cart, Secure Checkout
 - Cash & Online Payments (Stripe)
 - Deployment & Backend Security Best Practices

Portfolio Website with Next.js

2024

Designed and developed a personal portfolio using:

- Next.js App Router, TailwindCSS, Shadcn/ui, and TypeScript
- Built dynamic routing for projects and blogs with optimized SEO
- Implemented dark mode and performance improvements with lazy loading
- Deployed via Vercel for continuous integration and fast global delivery
